- (1) These rules apply to rates proceedings, rates review proceedings and any other proceeding to which the Commission determines these rules apply.
- (2) These rules may also apply to any pre-application or pre-inquiry process connected with a proceeding referred to in (1), including settlement negotiations, that may occur before the filing of an application, if the Commission determines that such process may result in the fair, expeditious and efficient resolution of any issue.
- (3) The Commission may dispense with, vary or supplement all or any part of these rules if it is satisfied that the circumstances of any proceeding, or the fair, expeditious and efficient resolution of any issue, require it.

3 Costs eligibility request

- (1) The Commission may direct an applicant or intervener to file a request for costs eligibility in accordance with the process schedule established for the proceeding and in the form prescribed in the Rule 022 Costs Eligibility Form.
- (2) An intervener may file a request for costs eligibility in a proceeding in which the Commission has not made a direction under 3(1) if the intervener is seeking advanced funding.

4 Funded participant

- (a) the ineligible intervenor will file expert or other evidence or argument that would not, in the absence of partial cost recovery, otherwise be presented to the Commission; and
 - (b) the expert or other evidence or argument that the ineligible intervenor will file will assist the Commission in understanding issues material to the subject proceeding.
- (2) A funded participant who seeks recovery of costs must bear a portion of the costs of participating.

5 Costs application

- (1) Applicants, eligible intervenors or funded participants may apply to the Commission for a cost award by filing a costs application in accordance with the Rule 022 Costs Application Form.

- (3) All costs applications must be in accordance with the scale of costs, unless the Commission authorized the participant to claim costs in excess of the scale of costs in a proceeding.
- (4) Unless otherwise directed, all costs applications must be filed within 30 days after the rates proceeding, rates review proceeding or other proceeding, is closed.
- (5) Notwithstanding subsection (4), for a rates proceeding involving a negotiated settlement, all costs applications must be filed within 30 days after:

 - (b) the date on which the rates proceeding is closed, in all other cases.
- (6) All costs applications must be filed using the Commission's eFiling System.

 - (e) Any other matter that the Commission determines to be material and relevant to the costs application.
- (2) Having regard to the above factors, and any other factor that, in the opinion of the Commission is material and relevant to a costs application, the Commission may:
