1 Application

This rule applies to a utility, default supply provider and regulated rate provider.

2 Definitions

In this rule,

- (a) "Commission" means the Alberta Utilities Commission;
- (b) "default supply provider" means a default supply provider as defined in Part 2.1 of the *Gas Utilities Act*,
- (c) "regulated rate provider" means a regulated rate provider as defined in the *Electric Utilities Act*,
- (d) "utility" means a gas utility within the meaning of the *Gas Utilities Act*, an electric utility within the meaning of the *Electric Utilities Act*, and a public utility within the meaning of the *Public Utilities Act*.

3 Filing requirements

- 3.1 A utility, default supply provider and regulated rate provider must file an annual report with the Commission providing a detailed, accurate explanation of its financial and operational results for the year in accordance with this rule.
- 3.2 The report must be submitted electronically via the AUC eFiling System using the submit reporting functionality, and the schedules referenced in Section 4 must be in Excel format.
- 3.3 Where possible, the values in the schedules within the Excel file submitted must be linked and contain the formula used to calculate the value.
- An electric utility or a regulated rate provider must file its annual report with the Commission on or before May 1 of the year which follows the reporting year.
- 3.5 A gas utility or a default supply provider must file its annual report with the Commission on or before May 15 of the year which follows the reporting year.

4 Content of report

- 4.1 The annual report must contain:
 - 4.1.1 The financial and operational information set out in the schedules referenced in:

- i. Appendix 1 for an electric utility;
- ii. Appendix 2 for a regulated rate provider;
- iii. Appendix 3 for a gas utility;
- iv. Appendix 4 for a default supply provider.
- 4.1.2 for a utility, the audited financial statements, complete with notes and audit report of the utility;
- 4.1.3 for a utility, a completed reconciliation of the audited financial statements to the results of the utility as reported in the required schedules using:
 - i. schedules 10 and 11 of Appendix 1 for an electric utility;
 - ii. schedules 10 and 11 of Appendix 3 for a gas utility;
- 4.1.4 for a utility, a reference in Schedule 1 Summary of Revenue Requirement, to the proceeding and exhibit where the approved forecast for the reporting year and the approved forecast for the prior year's results can be found.
- 4.2 A utility, default supply provider, or regulated rate provider may include additional line items as needed to explain its financial and operational results and variances.
- 4.3 In the report, a utility must provide detailed explanations of the variances reported on its schedules, within the parameters outlined below.
 - 4.3.1 Variance explanations must be presented on a separate page of the report, referenced to the specific schedule and line item being explained and must be sufficiently detailed so as to provide an explanation of the nature and cause of the variance.
 - 4.3.2 For years for which interim rates are in place pending a final decision by the Commission, the results for the reporting year must be compared with the prior year's actual results, with explanations provided for significant variances. Upon receipt of a final decision from the Commission, the utility must file updated schedules.

4.4 A utility must provide an explanation for each specific line item variance based on the following criteria:

| Utility rate base | Variance threshold |
|--------------------------------|---|
| ≥\$2 billion | \$5 million, or 10% and having a \$ amount greater than \$1 million |
| ≥\$1 billion, <\$2 billion | \$2 million, or 10% and having a \$ amount greater than \$500,000 |
| ≥\$500 million, <\$1 billion | \$1 million, or 10% and having a \$ amount greater than \$250,000 |
| ≥\$100 million, <\$500 million | \$500,000, or 10% and having a \$ amount greater than \$125,000 |
| ≥\$25 million, <\$100 million | \$200,000, or 10% and having a \$ amount greater than \$100,000 |
| <\$25 million | \$100,000, or 10% and having a \$ amount greater than \$50,000 |

- 4.5 For non-financial data, a utility must provide an explanation for a variance greater than or equal to 10 per cent for each line item unless clearly immaterial.
- 4.6 In the report, a default supply provider or regulated rate provider must provide detailed explanations for each variance reported on its schedules, within the parameters outlined below.
 - 4.6.1 Actual results for the reporting year must be compared with the actual results of the prior year.
 - 4.6.2 When a variance is greater than \$500,000, or when the variance is greater than or equal to 10 per cent (relative to prior year) and has a dollar amount greater than \$125,000 for any specific line item.
 - 4.6.3 For non-financial data, for a variance greater than or equal to 10 per cent for each line item unless clearly immaterial.

5 Additional information

- 5.1 The Commission may request information or detail from a utility, default supply provider or regulated rate provider in addition to the information filed in the annual report.
- 5.2 The Commission may require a utility, regulated rate provider or default supply provider to file an interim report in the same format as the annual report defined in this rule.

6 Time extensions

A utility, default supply provider or regulated rate provider may request an extension to the required date of filing, provided that the application is received 30 calendar days prior to the required filing date specified in this rule.

7 Public report

The Commission will post the annual reports filed under this rule on the AUC website.
